

Privacy Policy

AAYAT CONSULTING LTD (Company No. 17061494)
Registered address: 130 Holborn Street, Rochdale, United Kingdom, OL11 4QE
Contact: hello@aayat.co
Last updated: 8 June 2026

1. Introduction

This Privacy Policy explains how Aayat ("we", "us", "our") collects, uses, stores and protects personal data in connection with the operation of our e-commerce shops and our internal profitability-reporting tool, the **Aayat Profitability Portal** ("the Portal"). We are committed to protecting personal data and handling it in accordance with the **UK GDPR** and the **Data Protection Act 2018**.

2. Scope

This policy applies to personal data we process when we operate and manage e-commerce shops on platforms including **TikTok Shop**, Amazon and Temu, and when we use the Portal to analyse the performance and profitability of those shops.

3. What data we process and where it comes from

When a shop we operate is connected to the Portal, we access — on a **read-only** basis — order, settlement/finance and return information from the platform's APIs. This may include:

- Order details (order ID, status, items/SKUs, quantities, order amounts, returns).
- Settlement and fee information.
- Where present in order data, limited personal data such as customer name and delivery/contact details.

We obtain this data directly from the relevant platform (e.g. TikTok Shop) via authorised API access granted by the shop owner. We do **not** create, modify or delete any data in the connected shop.

4. Purposes and legal bases

We process this data for the following purposes:

Purpose	Legal basis (UK GDPR)
Calculating profit & loss and analysing the performance of shops we operate	Legitimate interests (running and improving our business)
Meeting accounting, tax and record-keeping obligations	Legal obligation
Securing our systems and preventing fraud	Legitimate interests

We process personal data only to the extent necessary for these purposes.

5. Data sharing and sub-processors

We do **not** sell personal data and do not share it for marketing. We use the following service providers (sub-processors) to deliver the Portal, each bound by data-processing terms:

- **Vercel** — application hosting.
- **Supabase** — database, authentication and storage (hosted in the **EU — Ireland**).
- **Resend** — transactional email.

We may disclose data where required by law or to protect our legal rights.

6. International transfers

Our database and stored data are hosted within the **European Union (Ireland)**. Where any data is processed outside the UK/EEA by a sub-processor, we rely on appropriate safeguards (such as adequacy decisions or Standard Contractual Clauses).

7. Data retention

We retain data only for as long as necessary for the purposes above and to meet legal/accounting obligations. When a shop is disconnected, stored access credentials are deleted. At the end of a contractual relationship, we delete the collected customer data in our possession (subject to any legal retention requirements).

8. How we protect data

We apply technical and organisational measures including: TLS/HTTPS encryption in transit; **AES-256-GCM** encryption of access tokens at rest; database encryption at rest; role-based access control and database row-level security; least-privilege access; multi-factor authentication on administrative accounts; and managed, isolated cloud infrastructure. See our Information Security & Data Protection Policy for details.

9. Your rights

Subject to UK GDPR, individuals have the right to access, rectify, erase, restrict, or object to processing of their personal data, and to data portability. To exercise these rights, contact us at **hello@aayat.co**. You also have the right to complain to the Information Commissioner's Office (ICO) at ico.org.uk.

10. Cookies

The Portal is an internal tool that uses only essential cookies required for authentication and session management. It is not a public marketing website.

11. Changes to this policy

We may update this policy from time to time. The "Last updated" date above reflects the latest version.

12. Contact

For any privacy questions or requests, contact **hello@aayat.co** or write to us at 130 Holborn Street, Rochdale, United Kingdom, OL11 4QE.

Aayat should have this policy reviewed by a qualified professional before relying on it for legal/regulatory purposes.
